

HOW TO STUDY VIRGINIA STUDIES

Study strategy to ACE EVERY TEST!!

1. Spend 10-15 minutes studying the information on the Essential Knowledge Sheets (EK Sheets).
 - *NO INTERRUPTIONS* while you study. Find a quiet place.
 - Choose 2 or 3 EK Sheets to focus on.
 - Close your eyes and restate or *SUMMARIZE* the information.
 - Teach or quiz someone on the information. Pretend you're a teacher and write some test questions!
2. Ask someone to give you a quiz on the items you studied.
3. Spend another 10 minutes going over any information you could not remember or answer correctly.
 - Mark the information with a "?" so you know to review it the next night!
4. Have someone quiz you again, focusing on the items you missed.
5. Don't wait until the night before a test to study!
Study a little bit *EACH NIGHT* for the best test scores!
